

■Pinecrest School

Health and Wellness Policy

Preamble:

Pinecrest School is committed to maintaining a positive learning environment through its functional infrastructure and essential amenities. We strive to support the health and well-being of our students and staff.

Principles and Objectives:

1. To foster the physical and mental health of the school community.
2. To effectively use our facilities to support wellness.
3. To create a supportive and safe learning environment.

1. Nutrition and Healthy Eating:

- A) The cafeteria offers balanced meal options.
- B) Nutrition education is part of the curriculum.
- C) Availability of sugary snacks is limited.

2. Physical Activity:

- A) Our gym and sports facilities are functional and maintained.
- B) We promote physical activity through various programs.
- C) Playground equipment and recreational areas are regularly inspected.

3. Mental and Emotional Health:

- A) Counseling services are available for students.
- B) Anti-bullying initiatives are in place.
- C) Stress-management resources are offered.

4. Health Education:

- A) Health education is integrated into the curriculum.
- B) We collaborate with local health organizations for additional resources.

5. Support for Staff:

- A) Staff wellness resources and professional development are provided.
- B) Wellness programs support staff health.

6. Partnerships:

- A) Collaboration with community and healthcare organizations is encouraged.
- B) Community involvement in health initiatives is promoted.

7. Implementation and Evaluation:

- A) The Health and Wellness Committee oversees implementation.
- B) Regular evaluations and feedback are used to assess and improve health programs.

Implementation:

Include health education in the curriculum.

- Maintain gym and recreational facilities.
- Provide balanced meals and limit sugary snacks.
- Offer counseling and stress-management resources.
- Collaborate with community partners on health initiatives.

Evaluation:

- Conduct assessments and gather feedback regularly.
- Make adjustments based on evaluations.

■Cedarwood School

Health and Wellness Policy

Preamble:

Cedarwood School aims to foster a healthy and supportive environment despite its basic infrastructure. Our mission is to ensure the well-being of students and staff through fundamental health and wellness initiatives.

Principles and Objectives:

-
-
-

To promote the health and well-being of our school community.

To maximize the use of our basic facilities to support wellness.

To cultivate a positive and safe learning environment.

1. Nutrition and Healthy Eating:

- A) Meal Options: Provide basic, nutritious meals in the cafeteria.
- B) Nutrition Education: Integrate essential nutrition topics into the curriculum.
- C) Snack Policies: Limit the availability of sugary snacks and promote healthier alternatives.

2. Physical Activity:

- A) Facilities: Ensure that gym and recreational facilities are functional and safe.
- B) Programs: Encourage participation in physical activity through simple and accessible programs.
- C) Safety Inspections: Regularly inspect playgrounds and recreational areas for safety issues.

3. Mental and Emotional Health:

- A) Counseling Services: Offer basic counseling services and support for students.
- B) Anti-Bullying: Implement essential anti-bullying policies to ensure a safe environment.
- C) Stress Management: Provide basic resources and support for stress management.

4. Health Education:

- A) Curriculum Integration: Include fundamental health topics across various subjects.
- B) Community Resources: Collaborate with local health organizations to provide additional

resources and support.

5. Support for Staff:

A) Professional Development: Offer wellness programs and basic professional development for staff.

B) Health Resources: Provide resources to support staff health and well-being.

6. Partnerships:

A) Community Collaboration: Foster partnerships with community and healthcare organizations for additional support.

B) Involvement: Encourage community involvement in health and wellness initiatives.

7. Implementation and Evaluation:

■A) Oversight: The Health and Wellness Committee will oversee the implementation of this policy.

B) Feedback and Improvement: Collect regular feedback and use evaluations to improve programs and policies.

Implementation:

-

Integrate health topics into the school curriculum.

- Maintain and ensure the safety of gym and recreational facilities.
- Provide balanced meals and promote healthier snacks.
- Offer basic counseling and stress-management resources.
- Engage with community health initiatives and resources.

Evaluation:

- Gather feedback from students, staff, and parents to assess program effectiveness.
- Adjust policies and practices based on evaluation outcomes and feedback.

■ Brookside School

Health and Wellness Policy

Preamble:

Brookside School strives to provide a supportive and functional environment with minimal amenities. Our aim is to foster the health and wellness of students and staff within our basic infrastructure.

Principles and Objectives:

-
-
-

To support the health and well-being of the school community.

To effectively use our limited facilities to promote wellness.

To maintain a positive and functional learning environment.

1. Nutrition and Healthy Eating:

- A) Meal Options: Offer basic nutritious meal options in the cafeteria.
- B) Nutrition Education: Incorporate fundamental nutrition topics into the curriculum.
- C) Snack Policies: Limit sugary snacks and encourage healthier choices.

2. Physical Activity:

- A) Facilities: Maintain gym and recreational facilities in a functional state.
- B) Programs: Promote basic physical activities and encourage student participation.
- C) Safety Inspections: Regularly inspect playgrounds and recreational areas for safety.

3. Mental and Emotional Health:

- A) Counseling Services: Provide basic counseling support for students.
- B) Anti-Bullying: Enforce essential anti-bullying policies to ensure a safe environment.
- C) Stress Management: Offer basic resources for managing stress.

4. Health Education:

- A) Curriculum Integration: Cover basic health topics across various subjects.
- B) Community Resources: Partner with local health organizations for additional support.

5. Support for Staff:

A) Professional Development: Provide basic wellness programs and professional development.

B) Health Resources: Ensure access to resources supporting staff health.

6. Partnerships:

A) Community Collaboration: Encourage partnerships with local health and community organizations.

B) Involvement: Promote community involvement in health initiatives.

7. Implementation and Evaluation:

A) Oversight: The Health and Wellness Committee will oversee policy implementation.

B) Feedback and Improvement: Use feedback and evaluations to refine health programs.

■Implementation:

-

Integrate health topics into the curriculum.

- Maintain gym and recreational facilities.
- Offer balanced meals and limit sugary snacks.
- Provide counseling and stress-management resources.
- Engage with community health initiatives.

Evaluation:

- Collect feedback and assess program effectiveness.
